

INDEX TO VOLUME XXIV, 1948

Authors and subjects of articles in the body of the Journal are indexed together. There is a separate index to subjects covered in the abstracting section, and authors of articles abstracted are also separately listed.

A

ABRAHAM, J. JOHNSTON : History of the treatment of syphilis, 153
 Anæmia, sickle-cell, and tuberculosis and syphilis (A. I. SUCHETT-KAYE), 148

Bismuth, neoarsphenamine, and penicillin treatment of early syphilis (G. L. M. McELIGOTT, F. J. G. JEFFERISS, and R. R. WILLCOX), 45
 BLUM, PAUL : The Hôpital Saint-Lazare in Paris : its past and present history, 151
 Book Reviews :
 Introduction to dermatology, 39
 Common skin diseases, 39
 Venereal disease : its prevention and conquest, 77
 Venereal diseases : a manual for practitioners and students, 124
 Handbook of venereal infections, 162

M

MAY, J. R. : Penicillin in oil-wax mixtures, 18
 McELIGOTT, G. L. M. : Treatment of syphilis with penicillin, 9
 (and F. J. G. JEFFERISS and R. R. WILLCOX) : Treatment of early syphilis with penicillin, neoarsphenamine, and bismuth, 45
 MOORE, JOSEPH EARLE : Penicillin treatment of syphilis, 1
 MOYNAHAN, E. J. : Gangrene of the toes in syphilis, 104

C

COUTTS, WALDEMAR E. : Non-bacterial infection of the urinary tract, 109
 Crime, laboratory aspects of sexual (H. S. HOLDEN), 68

G

Gangrene of the toes in syphilis (E. J. MOYNAHAN), 104
 Gonorrhœa :
 in the female (C. S. NICOL), 26
 pathology of (A. H. HARKNESS), 137

H

HARKNESS, A. H. : The pathology of gonorrhœa, 137
 (and A. HENDERSON-BEGG) : Significance of pleuropneumonia-like organisms in non-gonococcal urethritis, Reiter's disease, and abacterial pyuria, 50
 HENDERSON-BEGG, A. (and A. H. HARKNESS) : Significance of pleuropneumonia-like organisms in non-gonococcal urethritis, Reiter's disease, and abacterial pyuria, 50
 History of the treatment of syphilis (J. JOHNSTON ABRAHAM), 153
 HOLDEN, H. S. : Laboratory aspects of sexual crime, 68
 Hôpital Saint-Lazare in Paris : its past and present history (PAUL BLUM), 151
 JEFFERISS, F. J. G. (and G. L. M. McELIGOTT and R. R. WILLCOX) : Treatment of early syphilis with penicillin, neoarsphenamine, and bismuth, 45

K

KHAL, ANTOINETTE M. (and B. R. SANDIFORD) : Laughlen test, 72

L

"L" organisms in non-gonococcal urethritis, Reiter's disease, and abacterial pyuria (A. H. HARKNESS and A. HENDERSON-BEGG), 50
 Laboratory aspects of sexual crime (H. S. HOLDEN), 68
 Laughlen test (B. R. SANDIFORD and ANTOINETTE M. KHAL), 72
 LOURIE, E. M. : Treatment of syphilis with penicillin, 11

N

Neoarsphenamine, bismuth, and penicillin for early syphilis (G. L. M. McELIGOTT, F. J. G. JEFFERISS, and R. R. WILLCOX), 45
 Neurosyphilis, treatment with penicillin (J. PURDON MARTIN), 89
 NICOL, C. S. : Some aspects of gonorrhœa in the female, 26
 Non-bacterial infection of the urinary tract (WALDEMAR E. COUTTS), 109

P

Penicillin :
 neurosyphilis treated with (J. PURDON MARTIN), 89
 oil-wax mixtures (J. R. MAY), 18
 Penicillin treatment of syphilis :
 (JOSEPH EARLE MOORE), 1
 (G. L. M. McELIGOTT), 9
 (E. M. LOURIE), 11
 discussion on, 16
 early syphilis treated with penicillin, neoarsphenamine, and bismuth (G. L. M. McELIGOTT, F. J. G. JEFFERISS, and R. R. WILLCOX), 45
 Pleuropneumonia-like organisms in non-gonococcal urethritis, Reiter's disease, and abacterial pyuria (A. H. HARKNESS and A. HENDERSON-BEGG), 50
 Psychological aspects of venereal disease (E. D. WITTKOWER), 59
 PURDON MARTIN, JAMES : Treatment of neurosyphilis with penicillin, 89
 Pyuria, abacterial, pleuropneumonia-like organisms in (A. H. HARKNESS and A. HENDERSON-BEGG), 50

R

Reiter's disease, pleuropneumonia-like organisms in (A. H. HARKNESS and A. HENDERSON-BEGG), 50

S

Saint-Lazare, hôpital, in Paris, its past and present history (PAUL BLUM), 151
 SANDIFORD, B. R. (and ANTOINETTE M. KHAL) : Laughlen test, 72
 Screen test, suitability of Laughlen test as a (B. R. SANDIFORD and ANTOINETTE M. KHAL), 72
 Sexual crime, laboratory aspects of (H. S. HOLDEN), 68
 SUCHETT-KAYE, A. I. : Syphilis, tuberculosis, and sickle-cell anaemia, report of a case, 148
 Syphilis :
 gangrene of the toes in (E. J. MOYNAHAN), 104
 history of treatment (J. JOHNSTON ABRAHAM), 153
 penicillin for (see under penicillin), 40
 tuberculosis, and sickle-cell anaemia (A. I. SUCHETT-KAYE), 148

INDEX TO ABSTRACTS

173

T

Tuberculosis, syphilis, and sickle-cell anaemia (A. I. SUCHETT-KAYE), 148

U

Union Internationale contre le Peril Venerien, 76
Urethritis, non-gonococcal, pleuropneumonia-like organisms in (A. H. HARKNESS and A. HENDERSON-BEGG), 50
Urinary tract, non-bacterial infection of (WALDEMAR E. COUTTS), 109

V

Venereal disease, psychological aspects of (E. D. WITTKOWER), 59

W

WILLCOX, R. R. (and G. L. M. MCCELLIGOTT and F. J. G. JEFFERISS) : Treatment of early syphilis with penicillin, neoarsphenamine, and bismuth, 45
WITTKOWER, E. D. : Psychological aspects of venereal disease, 59

INDEX TO ABSTRACTS

A

Agranulocytosis after arsenotherapy for syphilis, BAL for, 82
Ammonium sulphate, serologically active serum globulin fractions obtained by fractional precipitation with, 42
Aortitis, syphilitic :
 effect of antisiphilitic treatment on, 131
 prognosis, 162
Army, psychiatric aspects of venereal disease in, 88
Arsenical encephalopathy in Indian troops, 131
Arsenical toxicity, thiamine and, 130
Arsenotherapy for syphilis, BAL for agranulocytosis after, 82
Arsphenamines etc. in experimental syphilis, 82
Attendance records of patients, 162

B

BAL :
 pharmacological observations on, 82
 in treatment of agranulocytosis following arsenotherapy for syphilis, 82
Bismuth :
 and mapharsen for early syphilis, 79
 and penicillin for early syphilis, 79
 therapy, 130
Brazil, pinta in, 88
Bubonulus of lymphogranuloma venereum, 85

C

Calcium phosphate, partial purification of antibodies of syphilitic human sera by adsorption on freshly precipitated, 43
Cardiovascular syphilis, penicillin in treatment of, 81
Central nervous system, treatment of syphilis of, with penicillin, 81
Chancroid treated with streptomycin, 170

D

Dichlorophenarsine hydrochloride, protective action of vitamins against, 164
Dimethylbenzoylsulphamide in lymphogranuloma venereum, 85

E

Elephantiasis of the penis and scrotum in lymphogranuloma venereum infection, 85

F

False positive tests for syphilis, 42, 83
Fever and mapharsen for experimental syphilis, 78
Filariasis, genital manifestations, 170

G

Gangosa, histological observations, 170

General paralysis of the insane :
 cerebral accidents during penicillin treatment, 125
 chronic, 125

penicillin for (see under penicillin)
rat-bite fever in treatment of, 81

Gonococcal cervical metritis in the puerperium, diagnosis and penicillin treatment of, 83, 133

Gonococcal ophthalmia of the newborn, penicillin for, 169

Gonococcal vaginitis, penicillin for, 169

Gonococcus :

 cultures, 170

 penicillin G and X and, 44

Gonorrhoea :

 ambulatory treatment with penicillin, 168

 diagnosis and cure in female, 84

 hyperspray penicillin treatment, 169

 liver damage due to, 133

 micronized penicillin for, 168

 penicillin in oil and wax for, 132

 penicillin-resistant, versus non-specific urethritis, 132

 prostatitis after penicillin and sulphonamide for, 132

 streptomycin for, 44

 three methods of transporting specimens, 84

 in women, penicillin for, 169

 Gonorrhoeal iritis, experimental, 85

 Granuloma inguinale, 86, 135, 136

H

Hæmophilus Lucreyi, 170

Henry VIII and syphilis, 78

Hepatitis, infective, in West Africa, 171

Hyperpyrexia, effect on therapeutic efficacy of penicillin in experimental syphilis, 40

I

Itcerus in syphilites treated with arsenobenzenes, 164

Indian troops, arsenical encephalopathy in, 131

Inhibition phenomenon, and biological false positive reaction for

syphilis, 43

Isoelectric precipitation of serum euglobulin fractions, 42

K

Keratosis follicularis acneiformis abscedens due to neoarsphenamine, 82

L

Liver damage due to gonorrhœa, 133

Lymphogranuloma venereum :

 complement fixation tests, 86

 dimethylbenzoylsulphamide in experimental, 85

 elephantiasis of penis and scrotum in, 85

 histological study, 85

 immunological relationships of psittacosis lymphogranuloma

 venereum group of viruses, 86

 in obstetrics, 86

 studies on, 134, 135

M

- Malaria :
and penicillin for neurosyphilis, 126
serological tests for syphilis in treated *Plasmodium falciparum* malaria, 82
"Mal del pinto," treatment of, 88, 136
Mapharsen :
and bismuth for syphilis, 79
fever and, for experimental syphilis, 78
for "mal del pinto," 136
for Reiter's syndrome, 83
Mapharside and penicillin for syphilis, 79
Metritis, gonococcal cervical, in the puerperium, 83

N

- Neisseria*, a new anaerobic, 87
Neocarsphenamine, keratosis follicularis acneiformis abscedens due to, 82
Neuropathies, clinical, in early syphilis, 44
Neurosyphilis :
modern treatment, 125
penicillin and malaria in, 126
penicillin alone in, 163

O

- Obstetrics, lymphogranuloma venereum in, 86
Oil and wax, treatment with penicillin in, 44, 80, 127, 129, 132

P

- Parametritis, penicillin for, 170
Penicillin :
amaurotic tabes treated with, 125
ambulatory treatment of gonorrhoea with, 168
gonococcal infection treated with micronized, 168
gonococcal urethritis treated by, 44
for gonococcal cervical metritis in the puerperium, 83, 133
for gonococcal ophthalmia, 169
for gonococcal vaginitis, 169
gonococcus and penicillin G and X, 44
gonorrhoea resistant to, versus non-specific urethritis, 132
for gonorrhoea in women, 169
hypospray treatment of gonorrhoea, 169
prolonged blood levels of, 129
prostatitis after, in gonorrhoea, 132
"Pyramidon" to increase antibacterial effect, 129
for relapsing fever, 87
for parametritis and salpingitis, 170
in urine, 130
vehicle for, 129
for yaws, 171
Penicillin in experimental syphilis :
co-operative investigation, 127
comparative effectiveness of G, F, K, and X fractions, 128, 163
hyperpyrexia affecting therapeutic efficiency, 40
oil-beeswax preparations of, 40
reinfection, 128

- Penicillin for syphilis :
ambulatory treatment with calcium penicillin in oil and wax, 80
bismuth and, 79
in cardiovascular, 81
of central nervous system, 81
chronic paresis and, 125
in early, 127
general paralysis of the insane, 41
mapharside and, 79
massive intravenous, 79
neurosyphilis and, 126, 163, 164
out-patient treatment, 127
in pregnancy, 80
in private practice, 80
serological response following, 41
small doses in various stages, 127
treatment failures, 164
treatment with 1,200,000 units in 90 hours, 79
Phenyl arsenicals, local prophylaxis of experimental syphilis with, 78
Plasmodium falciparum malaria serological tests for syphilis in treated, 82

- Pregnancy, penicillin for syphilis in, 80
Private practice, penicillin for early syphilis in, 80
Prostatitis after penicillin and sulphonamide for gonorrhoea, 132
Psittacosis and lymphogranuloma inguinale, 135
Psychiatric aspects of venereal disease in the Army, 88
Puerperium, gonococcal cervical metritis in the, 133
Pus antigen in granuloma inguinale, 86
"Pyramidon," 129

R

- Rat-bite fever, in treatment of general paresis, 81
Reiter's disease :
etiology of, 133
mapharsen for, 83
urologic and ophthalmologic observations in, 84
Relapsing fever in Transvaal, 87

S

- Salpingitis, penicillin for, 170
Serum protein fractions, and false positive reactions, 42
Serum proteins in syphilis, 167
Spirochaeticidal activity of arsphenamines and phenarsines in experimental syphilis, 82
Streptomycin :
for chancroid, 170
in *T. pallidum* infection in the mouse, 128
for gonorrhoea, 44
Syphiloma of neck of uterus, 83
Syphilis :
arsenobenzene treatment, 164
acquired, in children, 78
cardiolipin antigens in tests for, 165, 166
false positive tests for, 42, 43, 83
gastroscopic observations, 164
mapharsen and bismuth for, 79
"must syphilis still serve?" 78
neuropathies in early, 44
penicillin for (see under penicillin)
primary atrophy of optic nerves, 164
pseudo-syphilitic reactions, 166
tests for, 165, 166
in treated *Plasmodium falciparum* malaria, 82
Syphilis, experimental :
antibiotics and, 128
concurrent treatment of, with fever and mapharsen, 78
immunization with killed *T. pallidum*, 130
local chemical prophylaxis of, 78
penicillin in (see under penicillin)
spirochaeticidal activity of arsphenamines and phenarsines in, 82
streptomycin for, 128

T

- Tabes, amaurotic, treated with penicillin, 125
Thiamine and arsenical toxicity, 130
Tonsils, *Treponema pallidum* in, 167
Transvaal, relapsing fever in, 87
Treponema carateum inoculation for yaws, 87
Treponema pallidum :
action of bacitracin and subtilin on, 167
infection in the mouse, streptomycin for, 128
killed, immunization of rabbits against syphilis with, 130
minimal infectious inoculum of, 131
in tonsils, 167
Trichomonas vaginalis vaginitis, treatment of, 87

U

- Urethral stricture, 168
Urethritis :
gonococcal, treatment with single subcutaneous injections of penicillin in beeswax-peanut oil, 44
non-specific, versus penicillin-resistant gonorrhoea, 132
Urine, penicillin levels in, 130
Uterus, syphiloma of neck of, 83

V

- Venereal disease, psychiatric aspects of, in the Army, 88
Vitamins, protective action against clorarsen, 164

Y

- Yaws :
in Haiti, 171
immunity to, 136
Treponema carateum inoculation for, 87
